## **FIRESTONE FINANCIAL FINANCES THE WORLD'S LARGEST INDOOR SKY TRAIL®**

**Needham, MA – February 2, 2016** – Firestone Financial announced today that it has financed the World's largest indoor Sky Trail®. The 5,800 square attraction made by U.S. manufacturer Ropes Courses, Inc., is located in the brand new Jordan's Furniture in New Haven, Connecticut.

The course features 4 levels of rope course that stand over 5 stories tall and include obstacles such as cargo nets, zigzag beams, bumpy hand lines and rope bridges with varying levels of difficulty. It also is equipped with 2 Quick Jump free-fall devices, which give the participants the thrilling sensation of a free fall at 48' before lowering them comfortably to the ground. Participants can also soar down 4 of the World's longest Sky Rail zip lines which measure 180 feet.

“Our engineers and designers worked with Jordan's blue prints and we pushed the limits. Eliot Tatelman, the owner of Jordan's wanted a premier attraction that would appeal to all ages and we gave it to him.” said RCI owner Jim Liggett. “We pushed the limits for Jordan's and Firestone pushed the limits for us. They made the financing of this amazing attraction easy and affordable for us. Not worrying about the financing allowed us to focus on doing what we do best, creating attractions that our customers want.”
